

MARANTEGO S COFFEE TABLE

A functional work of art for those who appreciate artistic design in their home. The MARANTEGO S Coffee Table from the MELT collection is a tribute to the industriousness of Murano and the lakeside nature that surrounds the island. Inspired by the technique of glass casting that takes place in the furnaces of Murano, through the irregularity of the fusion, the MARANTEGO S Coffee Table from the MELT collection takes on a soft aesthetic in its shape and organic in its surfaces.

The decoration of Melt glass is achieved by applying different layers of colour, silver and primer. The final effect can be transparent or non-transparent, depending on the intended use of the product. In general, non-transparent tops are those that are applied on third party surfaces (furniture, walls, etc.) as the non-transparency allows the glues used to mount the pane to be hidden.
